I am a Frontend developer with a background in wellness, transitioning from a 13-year career as a nutritionist. I'm proficient in HTML, CSS, JavaScript, React, Astro and Figma for design. My experience as a QA tester has strengthened my attention to detail and communication skills, allowing me to collaborate effectively with teams. Passionate about improving healthcare through technology, I focus on delivering intuitive, scalable solutions while applying basic SEO practices to enhance visibility.

TECH SKILLS

- HTML, CSS3
- JavaScript
- ReactJS

Spanish Red Cross / Jan. 2023 - present

Active in communities such as

TechFems and CodeWomen

Barcelona.

PROJECTS

Migramix / MigraCode Barcelona

Patitas / No Country

Nutritionist website / Freelance

Role: Front-End Developer.

I crafted data visualizations using modern React, MUI components, and Tailwind for efficient and visually appealing UI design.

I effectively utilized GitHub for version control and adhered to Agile methodologies, ensuring smooth integration of public APIs and internal data through clear communication with backend teams.

SKILLS & ACHIEVEMENTS

Strong Communication and Frontend Development Skills

My background as a nutritionist has honed my ability to collaborate with diverse teams, and as a frontend developer, I effectively work with cross-functional teams to address design and development issues, ensuring high-quality results. I excel in Agile environments, participating in sprint planning, daily stand-ups, and retrospectives to deliver timely and effective outcomes.

Frontend Development and Design Expertise

With proficiency in HTML, CSS, JavaScript and React, I specialize in creating intuitive and engaging digital solutions. My experience includes using Figma for designing and prototyping, aligning with client needs to deliver user-friendly interfaces.

Testing User Interfaces:

I tested the functionality and user experience of client-facing websites, both as a nutritionist and a frontend developer, ensuring they met user requirements and provided a seamless experience.
